

Researchers Executive Office System (REXOS)

Streamline Researchers Data | Empower Research Tracking
Presented by Him Soft Solution

About Himsoft Solution

Who We Are

Him Soft Solution is a forward-thinking technology company committed to solving industry specific challenges through intelligent software solutions.

What We Do For You?

We provide tailored solutions that align with unique business needs, including: AI & ML Implementation, Data Science & Analytics, Custom Software Development etc.

Since 2007

Empowering Businesses with Cutting-Edge Technology Since 2007 At Him Soft Solution, we are dedicated to delivering innovative IT solutions that drive business transformation.

Challenges Faced by Directors

- Scattered and manual data tracking
- Lack of real-time reporting
- Difficulty assessing academic progress
- No centralized view of funds, international visits, patents, publications, conferences, talks, and guided students

Addressed the challenges by Our Software

- **Centralized Management**
All researchers data consolidated in one secure platform.
- **Real-Time Reports**
Dynamic graphs and data updates to track progress instantly.
- **Comprehensive Tracking**
Visits, projects, publications, research funds, and profile completeness reminders.
- **Fast Data Retrieval**
Downloadable and customizable reports for easy analysis.

Software Sections Overview

Admin Dashboard

Manage researchers data, track research progress, and generate reports.

- Centralized control panel
- Real-time analytics and alerts
- Customizable data views

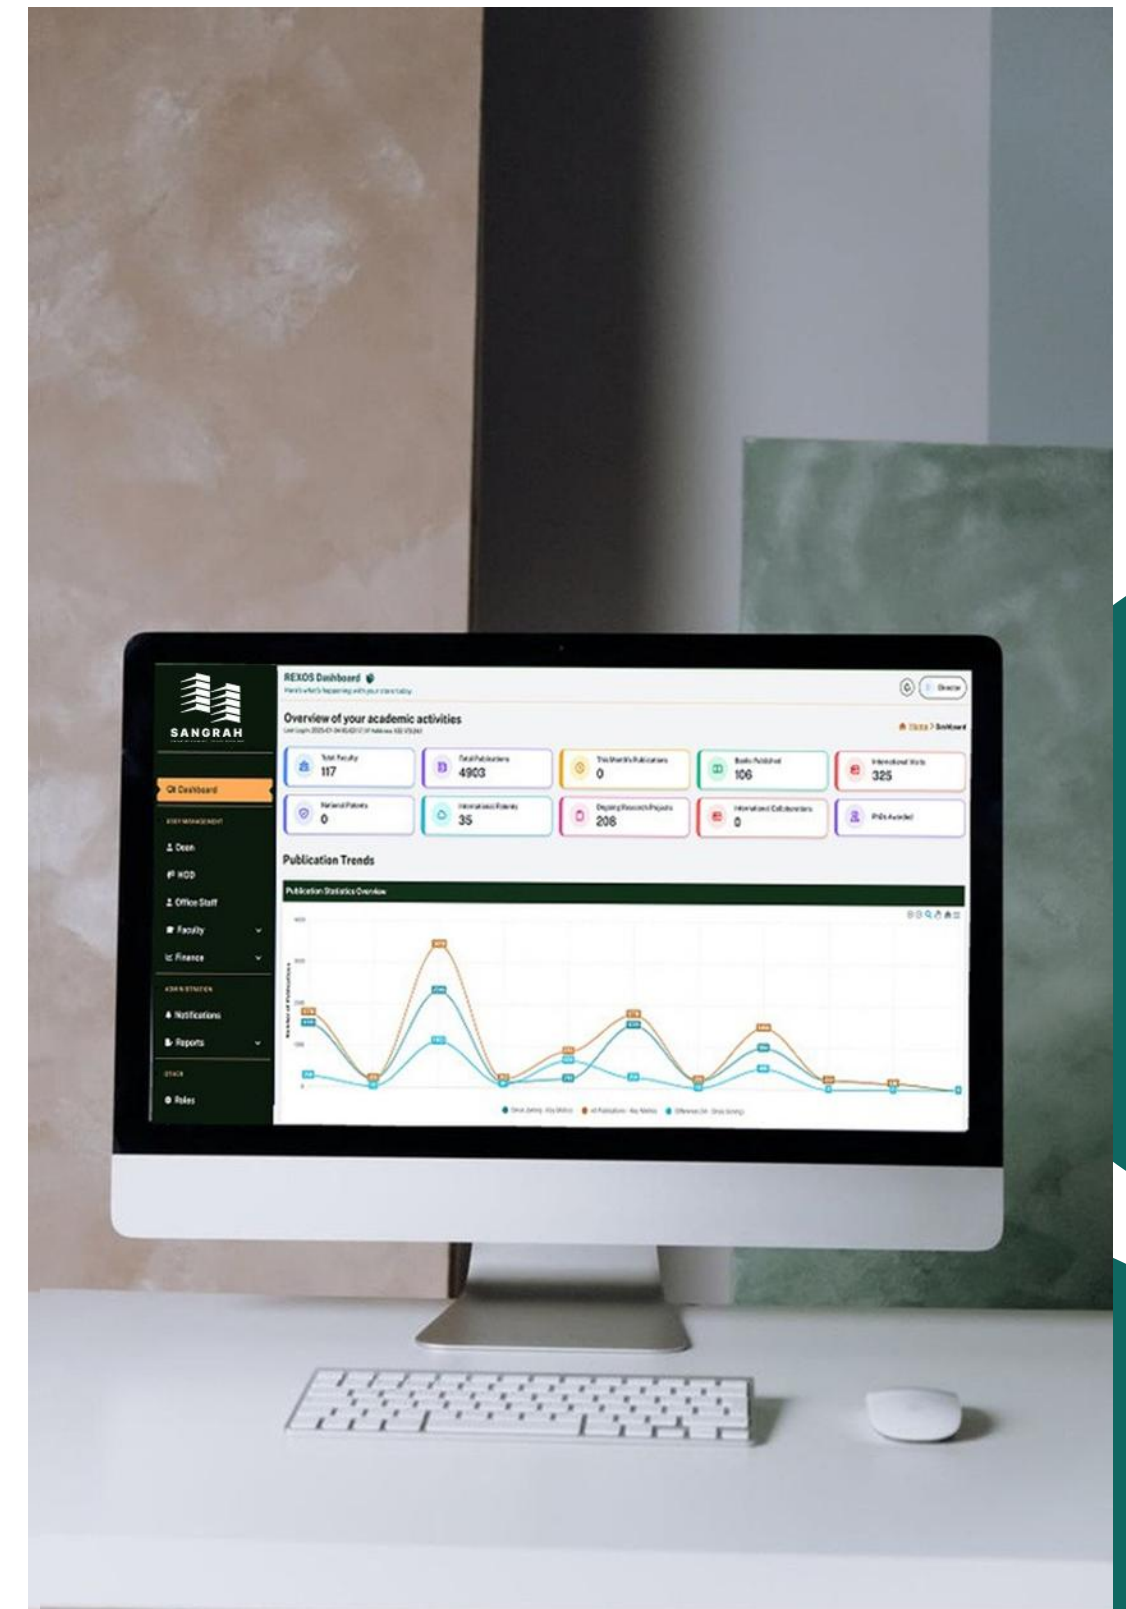

Researchers Dashboard

Empower researchers with tools to update profiles, monitor projects, and submit reports.

- User-friendly interface
- Access to funding and project status
- Notifications for deadlines and reminders

Admin Dashboard Features

- View all researchers profiles and stats
- Send reminders for incomplete profiles
- Visual reports on research funds, publications, patents
- Track ongoing research projects and grants
- Manage roles and permissions securely
- Export and share reports in PDF or Excel

Key Benefits of Our Software

Time Saving

Reduces administrative workload noticeably.

Real-Time Insight

Improves visibility into academic productivity.

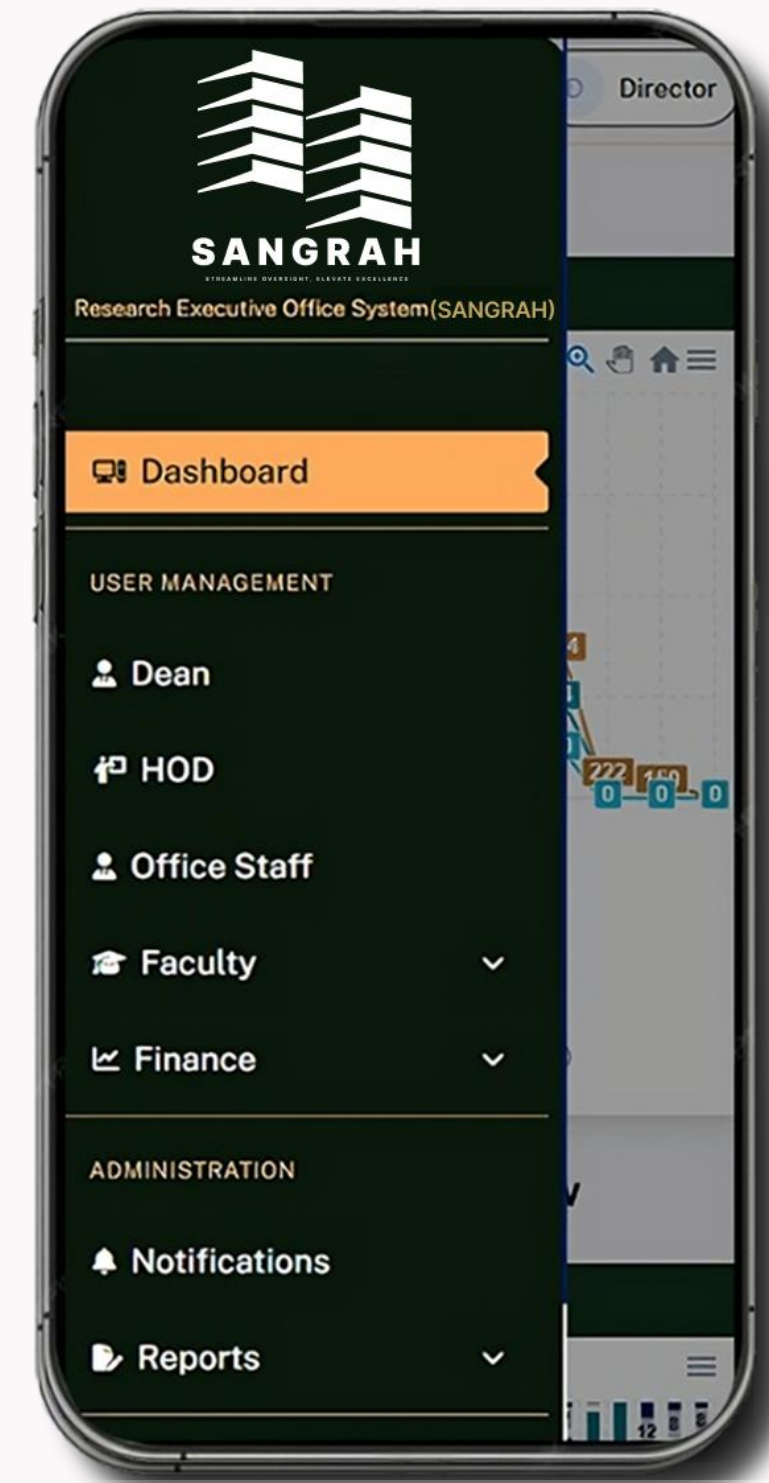

Assists Audits & Funding

Supports accreditation and research funding proposals efficiently.

Secure & Customizable

Role-based access with adaptable structure for any institute.

Researchers Dashboard Features

- **Manage Profiles and Academic Data**
Easily update patents, experiences, and services.
- **Academic Timeline**
Visualize visits and service history over time.
- **Progress Tracking**
Graphs showing yearly research visits and achievements.
- **Peer Profiles**
Access other researchers profiles with a simple, friendly interface.

Presentation Summary

- ✓ **Identify Challenges**
Recognize manual tracking and reporting issues.
- ✓ **Implement Solutions**
Use centralized, real-time researchers management software
- ✓ **Empower Users**
Enable directors and researchers with intuitive dashboards.
- ✓ **Drive Outcomes**
Save time and support academic excellence with data-driven insights.

THANK YOU
